CAMERON S. BURKE
CLERK, IDAHO

SUBJECT: Request for Insertion of Duplicate Court Tapes in Referenced Case Files

REFERENCES:

- (1) Bankruptcy Case #97-40773-P-7, Lloyd Dean Watson
- (2) Bankruptcy Case #97-40774-P-7, Custom Spray Technologies, Inc. (CST)
- (3) Adversarial Case #98-6266, Fitzgerald vs. Watson
- (4) Adversarial Case #98-6267, Fitzgerald vs. Graves
- (5) Adversarial Case #98-6276, Fitzgerald vs. Graves

TO WHOM IT MAY CONCERN:

Pursuant to Rule 1003 of the Federal Rules of Evidence, duplicates of taped Court hearings are provided as Enclosures 1 and 2 for insertion in each case file referenced in each Enclosure.

An information sheet identifying the contents of each packet for each Enclosure is affixed to each packet for Enclosure 1 and to each packet for Enclosure 2. A separate information sheet for each Enclosure is also enclosed to aid personnel imaging the documentation.

The Court hearings relate to the above referenced Chapter 7 bankruptcy actions (two case files) which were initially consolidated and to the above referenced adversarial actions (three case files) that stem from the bankruptcy proceedings. Because the hearings directly or indirectly affect all five case files, consolidation of taped hearing information within each case file is preferable to partial excerpts of deposition information and partial transcripts of hearing information. Incomplete information tends to cloud issues and misrepresent facts pertinent to the case file actions.

This submittal is made in good faith and for the sole purpose of maintaining accuracy and completeness of case file information.
